Pete Seligman works with mutli-media: a combination of collage and painting, landscape painting, and wood-based pieces using found wood, paint and collage. I worked first as a public school teacher and later as marketing communications writer in New York City publishing companies, an ad agency, and in The Library of Congress. I'm a singer-songwriter-guitar player and performed original songs in the 1970s at Gerde's Folk City in New York City.
